Dear Friends,

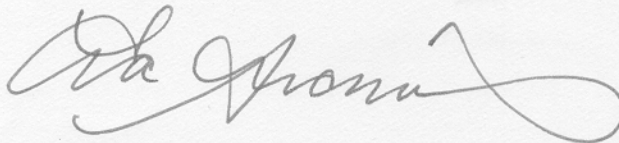

On behalf of The Hospital for Sick Children, I would like to thank Avery's Journey for your kind gift of \$7,300 from the fund raising event to Dr. B. Gallie's Retinoblastoma Research fund. Your support will certainly go a long way in helping us help children.

Children embody all our hopes and dreams, which is why their health is of such vital concern. By sharing that concern with us, you're helping to ensure that Sick Kids continues to be a place of healing, a place of learning, and a place of advanced medical research.

Our commitment to excellence, which is strengthened in so many ways through the generous gifts of friends like you, will lead to more pioneering accomplishments. And those achievements will have a lasting impact on paediatric medicine here in Canada and around the world.

Thank you once again for your generosity. The gift you have made is a gift to children everywhere.

Sincerely,

Eva Avramis
Development Coordinator

WE APPRECIATE YOUR
SUPPORT!
